

Professional Bio-Active Silver Hydrosol™

Trace Element for the Maintenance of Good Health

OUR BIO-ACTIVE SILVER HYDROSOL MAKES ALL COLLOIDAL SILVER OBSOLETE

TRACE ELEMENT FOR THE
MAINTENANCE OF
GOOD HEALTH

ACTIVELY CHARGED (Bio-Active)

As corroborated by several universities, Argentyn 23 contains >98% positively charged silver ions and silver nanoclusters, making it exponentially more powerful than other brands.

EASILY ABSORBED

Argentyn 23's unprecedented particle size of .8 nanometers, (validated by Transmission Electron Microscopy) allows for easy absorption into and excretion from the body.

PERFECTLY SAFE

Argentyn 23's tiny particle size yields greater surface area and higher efficiency, making our 10ppm (parts per million) product more effective than competing brands containing up to 500ppm.

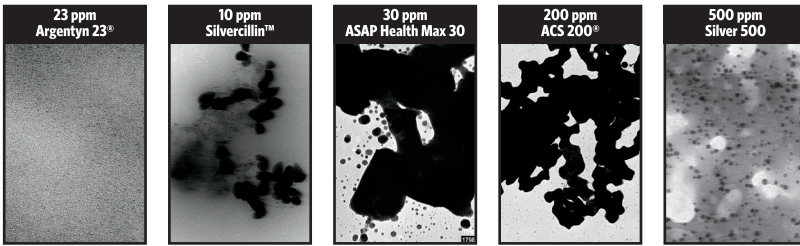

99.999% PURE

Argentyn 23 has only two ingredients: 99.999% pure silver and pharmaceutical-grade purified water. It does not contain added salts or proteins that render other silver products less effective. Plus, it is packaged in non-leaching glass bottles (never plastic) to guarantee purity throughout its shelf-life. Argentyn 23 is vegan. It is also allergen-, gluten- and GMO-free.

Our proprietary manufacturing process dramatically reduces particle size¹ - while by exploiting the natural properties of silver, increasing the trace element benefits of Argentyn 23 exponentially over other silvers.

More info on back!

Scientific Proof that our Professional Bio-Active Silver Hydrosol™ is the Gold Standard of Silver for the maintenance of good health.

Black areas and blotches in images 2 through 5 indicate larger silver particles or silver bound to proteins, salts, or other contaminants, which not only render the silver inactive, but also make it difficult for the body to excrete.

Don't be Misled by Higher PPM

When it Comes to the Purest, Highest-Quality Silver, LESS is Definitely More!

Electron microscope images at 110,000x show our silver particles are much smaller and more evenly dispersed than any other competitor—thereby increasing absorption, excretion, and overall potency.

For Best Results

Screw-Top and Dropper-Top:

(Adults): <70kg: 1 teaspoon daily (6 droppersful).
70kg and over: 1 teaspoon (6 droppersful), 1-2 times daily. Or as directed by your health care provider.
Hold sublingually for 30 seconds before swallowing.

Fine-Mist Spray:

(Adults): <70kg: 30 sprays (1 teaspoon) daily. 70kg and over: 30 sprays (1 teaspoon), 1-2 times daily. Or as directed by your health care provider. Hold sublingually for 30 seconds before swallowing.

Vertical Spray:

(Adults): 10 sprays, 1-5 times daily or as directed by your health care provider.

What Doctors Say About Argentyn 23

“It is without hesitation that I support and applaud Natural Immunogenics Corp. for making a pure and effective silver hydrosol product safe for public use”

-DR. DANA FLAVIN, M.D., FORMER SCIENCE ASSISTANT TO THE ASSOCIATE BUREAU DIRECTOR, DIVISION OF TOXICOLOGY, US FDA, WASHINGTON, DC

¹At less than one nanometer, Argentyn 23's particle size is so tiny that it actually enters the realm of picoscalar technology, which is measured in trillionths of a meter.
