

GUT CARE GUIDE

CHOOSE THE RIGHT PROBIOTIC

SMALL INTESTINE CARE

- + Enhance small intestine microbial balance, digestion and absorption
- + Pre- and post-antibiotic support

Contains *Lactobacillus acidophilus*, NAS super strain (dairy-free base) or *Lactobacillus acidophilus*, DDS-1 super strain (dairy base)

- *Lactobacillus acidophilus* is the predominant resident microorganism in the small intestine of adults and children

LARGE INTESTINE CARE

- + Enhance large intestine microbial balance, digestion and absorption
- + Detoxification support
- + May support against age-related colonic microflora imbalance

Contains *Bifidobacterium bifidum*, Malyoth super strain (dairy-free or dairy base)

- *Bifidobacterium bifidum* is the predominant resident microorganism in the large intestine of adults and children

PERFORMANCE CARE

- + Enhance large intestine and small intestine microbial balance and absorption
- + Support high-performance
- + Support normal digestive regularity

Contains *Lactobacillus delbrueckii* subspecies *bulgaricus*, LB-51 super strain (dairy-free or dairy base)

- *Lactobacillus delbrueckii* subspecies *bulgaricus*, LB-51 super strain is a

transient microorganism which travels through both the large and small intestine over a period of two weeks

COMPLETE CARE

- + Complete gut microbial care and rejuvenation

Contains all three Natren super strains in our proprietary supernatant delivery system for enhanced probiotic survival and effectiveness:

- *Lactobacillus acidophilus*, NAS super strain (dairy-free)
- *Bifidobacterium bifidum*, Malyoth super strain (dairy-free)
- *Lactobacillus delbrueckii* subspecies *bulgaricus*, LB-51 super strain (dairy-free)

FACIAL CARE

- + Clear healthy skin
- + Complete gut support

Contains all three Natren super strains in a proprietary oil matrix delivery system for superior probiotic survival and gut colonization:

- *Lactobacillus acidophilus*, NAS super strain (dairy-free)
- *Bifidobacterium bifidum*, Malyoth super strain (dairy-free)

- *Lactobacillus delbrueckii* subspecies *bulgaricus*, LB-51 super strain (dairy-free)

SENSITIVE CARE

- + Enhance the microbiome of children 1 year and older and nursing mothers
- May reduce gut inflammation in those with gluten-sensitivity and celiac
- *Bifidobacterium infantis*, NLS super strain (dairy base)
